Platinum™ Series French Door

Features and Benefits

- Quality Q-Lon seals and butyl impregnated linen gaskets at frame joints provide advanced compression and weather performance
- Double Glazed option accommodating Insulated glass (IG) units of up to 25 mm
- Stainless steel butt hinges incorporated as standard for increased corrosion resistance
- Open in or open out configurations to suit your lifestyle. Stainless steel parliament hinge options provide greater flexibility around brickwork or cladding
- Spigotted corner joints for added strength and improved finish
- Enjoy peace of mind with optional single or multi point locking systems
- Frame profiles allow the addition of flyscreen or security doors which can be installed internally or externally

Clean flush finish

High quality flush bolt hardware

Stylish lock options
